THE GROW YOUR OWN GARDEN

sponsored by

GARDENA

The Grow Your Own Garden sponsored by GARDENA focuses on sustainability and inspiring people to grow their own produce to avoid buying fruit and veg wrapped in plastic from supermarkets. Showing clever ways of using your garden space the designer has created a fun and stylish allotment with the latest planting ideas. Featuring sustainable designs many of the other items featured in the garden are made from recycled plastic bottles, milk cartons and tyres, from the decking to the furniture, everything has been chosen carefully because of its recycled properties. The Grow Your Own Garden also features lots of herbs and fruits that can be used to produce the perfect gin cocktail designed by Mr Hobbs Gin especially for the Ideal Home Show.

GARDENA are the proud sponsors of The Grow Your Own Garden, which features all the tools you need in order to keep your perfect at-home allotment. For over 50 years GARDENA has provided everything passionate gardeners need. The wide range of products offer innovative solutions and systems for watering, lawn care, tree and shrub care and soil cultivation. Today, GARDENA is a leading European supplier of high-quality gardening tools and is distributed in more than 80 countries worldwide.

About the Designer
Lynne’s biggest passion is sustainability within the home and garden. Her work has been featured on Channel 4, George Clarke’s Amazing Spaces Floating Homes show and Gok Wan’s ‘Fill your house for free’. One of Lynne’s biggest passions is her Warriors on Waste movement which aim to teach and inspire the next generation of mini up cyclers how important and fun it is to upcycle and turn trash to treasure. She also teaches about plastic pollution and sustainability and has visited many schools on Her ‘Saving Nemo Tour’.

RECIPE
Mr Hobbs ‘Grow Your Own’ Gin Twist.

- Hobbs Gin
- Mediterranean Tonic
- Lemon Juice
- Curl of Lemon Peel
- Sprig of Rosemary

Pop plenty of good quality ice into a long glass and pour over 50ml of Mr Hobbs Gin. Add several drops of fresh lemon juice and fill to the top with Mediterranean Fever-Tree tonic water. To garnish, we suggest a wheel of lemon and a sprig of rosemary.
